Kaiser S2

[Gã»i Äá»f biã»t giÃ](#)

KAISER S2

Top performance for a wide range of flexible applications

The S2 is the ideal all-round machine for all your applications in the toughest of terrain. Irrespective of the obstacles, for example steep slopes or river bed, with the S2 you are always prepared for every challenge.Â The hydraulically adjustable legs offer maximum standing area. The front wheels can be quickly removed for stable working in extreme terrain.

The Kaiser S2 is the worldâ€™s most widely employed walking mobile excavator worldwide, and forms the performance benchmark for the whole industry.
